

Manjunath H K

Senior SDET | API & UI Automation | Java · Python · Microservices

Bengaluru, Karnataka, India • +917337813770 • manjunathhk833@gmail.com • LinkedIn • GitHub • Portfolio

PROFESSIONAL SUMMARY

Senior SDET with 6 years scaling API and UI automation across airline, quick-commerce, and OTT microservice domains. Architected 1000+ test case suites using REST Assured, TestNG, and Cucumber BDD; reduced QA overhead by 12 hrs/week through AI-assisted automation (AiDE). Experienced in shift-left testing, CI/CD integration, and observability-driven quality across distributed systems.

EXPERIENCE

Senior Engineer - QE | Value Labs

Jun 2023 – Present

Architecting automation frameworks for airline domain microservices, leveraging AI-assisted testing (AiDE) and BDD practices.

- Architected automation frameworks for PNR Linking & SSR airline domain; built 1000+ test cases cutting effort from 750 to 50 man-hours (93% reduction).
- Leveraged Agentic AI (AiDE) to accelerate Order Bags framework implementation by 50% and reduce test drafting time by 75% across service-level and E2E validations.
- Automated Kibana log analysis, issue reporting, and data quality validation pipelines; eliminated manual intervention and saved 12 hrs/week of QA overhead.
- Drove shift-left testing practices using Azure DevOps and BDD Cucumber, reducing bug leakage to production across 3 airline microservice domains.

SDET-1 | Dunzo

Aug 2022 – Jun 2023

End-to-end API automation and observability-driven quality assurance for quick-commerce Merchant Service platform on GCP.

- Automated end-to-end API flows and DB validations using the Ekam Java Framework for 4 key features, achieving 60% test coverage in a microservices-based Merchant Service suite.
- Led observability-driven root cause analysis of daily stability failures using Allure reports, Google Metrics Explorer, and Kibana across GCP-hosted services.
- Owned full SDLC feature testing: planning through deployment ensuring minimal production bug leakage via Jenkins CI/CD pipelines.

Engineer → Senior Engineer, QA | Tata Elxsi

Dec 2019 – Aug 2022

Built BDD automation frameworks and contributed to a ₹100Cr OTT app, improving iOS App Store rating from 1.9 to 3.5.

- Designed a BDD automation framework using Python, Appium, and TestRail API; automated ~50% of sanity suite, saving ~5 man-days/month.
- Contributed to a ₹100Cr OTT app under Agile SDLC; directly improved iOS App Store rating from 1.9 → 3.5 through systematic API and stability testing.
- Performed domain API, stability, and KPI testing for Web and iOS platforms using Charles Proxy, Postman, and Burp Suite.

PROJECTS

Order Bags - Airline Automation

Jan 2025

E2E API automation framework for airline Order Bags service using AiDE and REST Assured.

- Leveraged Agentic AI (AiDE) to accelerate framework implementation by 50%.
- Reduced test drafting time by 75% across service-level and E2E validations.

SSR (Special Service Requests) - Airline Automation

Jan 2024 – Jun 2025

Automation framework for airline SSR microservice domain.

- Built comprehensive test suites for special service request flows.

PNR Linking - Airline Automation

Jun 2023 – Jun 2025

Automation framework for PNR linking across airline systems.

- Architected 1000+ test cases cutting effort from 750 to 50 man-hours (93% reduction).

EDUCATION

Sri Jayachamarajendra College of Engineering | B.E. in Computer Science (Information Science)

2015 – 2019

GPA: 8.02 / 10

SKILLS

REST Assured • ReadyAPI • TestNG • Cucumber BDD • Postman • Allure • WireMock • Java • Python • Selenium • Appium • Playwright • Jenkins • GitHub Actions • Azure DevOps • Docker • GCP • Kibana • Charles Proxy • Burp Suite • PostgreSQL • Git • Jira • Groovy • SOAP • TeamCity • Harness • Zephyr • Google Metrics Explorer

CERTIFICATIONS & AWARDS

- **ACE – AiDE Agents Certified Engineer** (Value Labs) - 2025
- **Python Beginner & Intermediate Training** (Tata Elxsi) - 2021
- **Selenium and Appium LinkedIn Learning Certification** (LinkedIn Learning) - 2021
- **Employee of the Month** by Value Labs - 2025
- **Bravo Award** by Tata Elxsi - 2020
